

Information on Defiance College Program Completers

To provide transparency regarding the effectiveness of our teacher education program, Defiance College makes information on our candidate performance available to prospective students. The data is available only for those graduates employed in the State of Ohio.

Licensure Exam Pass Rates for Defiance College Program Completers

Ohio requires that teacher candidates pass Ohio Assessments for Educators examinations by scoring at or above the state's established required score to be recommended for licensure and receive endorsements in specific fields. The reporting for Teacher Licensure Test Scores is based on Federal Title II data and therefore reflects only initial licensure. Note: Data for all years may represent multiple attempts for some completers.
