

# DEFIANCE COLLEGE

## HONOR ROLL OF DONORS

Recognizing those who have supported the College for the 12-month period from July 1, 2011 through June 30, 2012

**This** summer, we in northwest Ohio experienced one of the worst droughts in decades. In fact, the drought was so bad that the college needed to dig a well, to keep the pond in the “back forty” from drying up. I am pleased to report that we now have a nice flow of water into the pond, which then provides the water we need to irrigate our athletic fields, water our plants and take care of campus.

I think this is a pretty good metaphor for the past year. Despite the many challenges in the broader higher education environment around us, we at Defiance College had another successful year of moving forward. Yes, the water and much more has continued to flow.

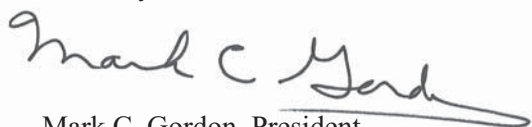

We are particularly grateful for the continuing flow of donations and contributions from our alumni and friends which have enabled us to successfully complete our \$26 million campaign. That’s right – we did it! Or more appropriately, you did it! Thank you so much to all who donated funds, made pledges, and encouraged your friends and family to support the college. I am thrilled to report that not only did we meet the goal of \$26 million, we actually exceeded it.

It’s been a record year in many ways. This year, more than half our applications came from students outside the state of Ohio. We now have students from 23 different states attending DC, as well as students from Jamaica, China, Thailand and Australia. And our ethnic and racial diversity has grown also, to over 30 percent this year.

We are truly the college that provides the best of all worlds – the benefits of being at a small college with the personalized attention that only DC can provide, with a world of opportunities – from the people our students will meet to the places they will go, the programs they will take part in, and the many opportunities to grow and learn.

We are on the right path as a college, and I am so proud of everything that our faculty, administrators, coaches, staff and others do on a daily basis to help make DC the special place that it is. And we are so grateful to all of you who have stretched yourselves to help Defiance College students. Thank you for all you continue to do. And on behalf of the 1100 students at Defiance College, thank you for making a difference.

Sincerely,

Mark C. Gordon, President
