

Minor in Campus Residency Acknowledgement Form

I approve my minor child to live on campus at Defiance College as assigned by the College Residence Life staff. I acknowledge and am aware that my minor child may be exposed to adult behaviors. I have been made aware of and understand the following:

- There is no curfew.
- Residence Life staff do not perform bed checks.
- Students may be assigned roommates over the age of 18; however, first year students are assigned with other first year students.
- All resident students have the ability to sign in guests to their room and are permitted to have overnight guests with approval of their roommate.
- Students are not given preferential treatment based on age or youth.
- Resident Assistants are generally not informed of ages of assigned students.
- All residential policies apply to all students regardless of age.

I have read the above acknowledgement and understand that my minor child will be living on campus according to the above-stated conditions. I understand that I may ask questions of the Office of Residence Life or Office of the Dean of Students and receive answers prior to signing this contract. I affirm my child is or will be at least 16 years of age by the day of their assigned move in day prior to the beginning of each semester.
